

Czech Society for Medical Microbiology (SPLM)

14.11.2019

Subject: ESCMID Affiliated Societies – Update Application Status

Dear Prof. Dr. Pavel Drevinek

We are pleased to inform you that your application of Czech Society for Medical Microbiology to become an ESCMID Affiliated Society (AS) was **reviewed and approved** by the ESCMID Executive Committee. The next steps will be that your Society will be included in the ESCMID database, which means that you will receive the ESCMID weekly newsletter. We kindly ask you to distribute these Newsletters amongst your members. We are also going to list your society on our official ESCMID Affiliated Society website: https://www.escmid.org/membership_organization/partners/affiliated_societies/

All AS memberships run from 1. January until 31. December of each year. According to our records, the Czech Society for Medical Microbiology has less than 1000 members. Based on this, your annual membership fee for the year 2019 will be waived.

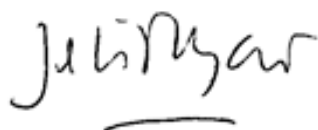

In the meantime, ESCMID decided that a TAE Representative from each Affiliated Society is important, in order to establish a contact between ESCMID TAE and your Society's Trainees/Young Scientists. This will facilitate the communication especially for new media matters (Twitter/Facebook etc.). We kindly ask you to fill in the template attached to this mail and return it to Benjamin.schirra@escmid.org until 1st December 2019.

As a general information, please find here the link to the ESCMID statutes and bylaws which build the baseline of our agreement and contains more detailed information about the tasks, responsibilities as well as your benefits of being an ESCMID affiliated Society.

Statutes: https://www.escmid.org/membership_organization/about_escmid/articles_of_association/

Bylaws: https://www.escmid.org/membership_organization/about_escmid/bylaws/

With kind regards,

Prof. Jesús Rodríguez Baño
ESCMID President

Prof. Maurizio Sanguinetti
ESCMID President Elect
