ESCMID

MANAGING INFECTIONS
PROMOTING SCIENCE

Dear colleagues,

Welcome to our Summer newsletter!

It has been amazing to have had the chance to meet many of you finally in person during the 32nd ECCMID in Lisbon. After nearly two years of virtual interactions, we enjoyed some good old-fashioned live networking.

TAE Days, during ECCMID and online post-ECCMID, have been a success and we were happy to receive a lot of positive feedback!

Now, while working on new projects for the coming year, we are happy to share some exciting news on upcoming courses, research grants and projects.

We also would like you to acknowledge the call for TAE Outstanding Trainee Award for 2023, as well as the chance to send your candidature for next year TAE SC elections.

See you soon at ESCMID Summer school!

Best regards,
your TAE-SC team (Petar, Suzanne, Katharina, Maria, Nick, Anja, Yousra and Giorgia).

If you have an idea about a project we should initiate or if you want to get involved in TAE activities, send us an email at tae@escmid.org.

More info on our [website](https://www.escmid.org).

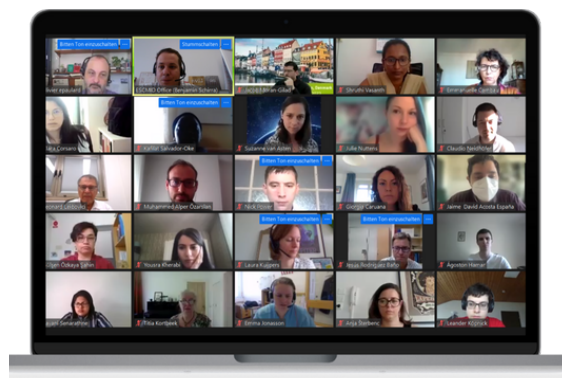

2022 TAE DAY report

Our 2022 TAE Trainees Day was a success, you can check the [evaluation report](#)! After a few updates on the TAE Network and the TAE Forum, we proceeded with the ceremony of the TAE Outstanding Trainee Award. Two excellent trainees received their prize: Claire Warrel (UK) and Claudio Neidhöfer (Germany). We had a fun competitive moment with the TAE Quiz where the winners also received very sweet prizes. 🍪🍪

Finally, we landed on the Round Table Session, a great opportunity to informally interact with renowned experts in the field of CM and ID. We would like to thank all participants, awardees and invited experts for their contribution to another successful TAE Day. Now TAE SC is already working on ECCMID 2023 that will be held in a hybrid format - online and on-site (Copenhagen).

POST-ECCMID Day 2022: TAE virtual round table report

If life gives you lemons, make a lemonade!

COVID-19 forced us on the hybrid format for the past 2 years: well, we used this experience to multiply the learning and networking opportunities and be environment-friendly.

The virtual round table was held during post-ECCMID day, with breakout rooms mimicking the round tables in person: we had great discussions, as well as the opportunity to welcome new members in our TAE family!

TAE Steering Committee Elections

NOMINATIONS CALL:

**15 SEPTEMBER – 15 OCTOBER 2022,
12:00 CET**

Are you a CM/ID trainee? Have you ever thought about being a part of the Trainee Association of ESCMID Steering Committee? Join our team!
We are looking for 3 new members for a 3-year term (from April 2023 to April 2026).

TAE Outstanding Trainee Award 2023

Call for nominations

Every year the ESCMID recognizes and rewards multi-skilled trainees in CM and ID with extracurricular activities in teaching, networking and collaboration.

Selection criteria emphasize education, constant improvement of personal education, contributions to training programmes, collaboration for educational purposes and education of peers.

The awardees will receive a non-restricted prize money of 1000€, ECCMID 2023 travel and registration and Summer School 2023 travel, registration and accommodation.

The award ceremony will take place during TAE Day at the 33rd ECCMID, in Copenhagen, 2023.

Nominate yourself [here](#) until 12 October 2022 12:00 CET.

Eligibility criteria and nomination process on our website.
