3rd UEMS European Examination in Medical Microbiology

Save the date: 28th November 2026

Where: Online with remote invigilation

The UEMS Section of Medical Microbiology, supported by ESCMID, is pleased to announce the next European examination in Medical Microbiology. The examination is based on the Curriculum which is part of the UEMS CORE TRAINING PROGRAMME FOR MEDICAL MICROBIOLOGY ([UEMS Section of Medical Microbiology core curriculum](#)), current European best practice guidelines and recent pivotal publications in the major journals.

The announcement with more information and appropriate links will be published soon on UEMS Exam Page (<https://uems-smm.eu/european-exam/>) and **the ESCMID education page** (<https://www.escmid.org/education/specialty-training-uems/>)
